The arms are equipped with a ground connection point grounded with a 1 Mohm-grounding cable.

Documentation for approval

Test report 9F034388.

The ESD-approval does not include any requirements regarding electrical safety properties. If work will be performed close to live voltages, requirements according to national regulations shall be obeyed.

Conditions for approval

General conditions, according to SP-Method 2472, for approval and registration of approved products with regard to ESD-protection qualities.
